GAGGA

ACCADEMIA

TOWARDS YOUR BESPOKE HOME BARISTA EXPERIENCE

GAGGIA ACCADEMIA IS MASTERFULLY MADE IN ITALY FOR THOSE SEEKING TAILORED PERFORMANCES. HIGH QUALITY MATERIALS, TACTILE ENHANCEMENTS AND AN IMPROVED VISIBILITY WILL MAKE YOU LIVE AN INCREDIBLE ALL-ROUND EXPERIENCE. FEEL THE PROTAGONIST OF YOUR CHOICES AND OF YOUR COFFEE MOMENTS. DISCOVER THE ENDLESS **CUSTOMIZATION OPTIONS AND GET** THE BEST IN-CUP RESULTS EVER TRIED. PRACTICE YOUR LATTE ART SKILLS WITH THE PROFESSIONAL STAINLESS STEEL STEAM WAND OR CHOOSE AND PERSONALIZE ONE OF THE 19 BEVERAGES AVAILABLE.

ITALIAN MASTERFUL ESPRESSO MACHINE

100% designed and handcrafted in Italy. High quality materials, premium details and tactile enhancements for those seeking superior performances. 2022-07-26 15:58:00

MACCHIATO

GAGGEMIA

WATER

- Refined black glass mirror façade and black painted stainless steel housing (Accademia Glass version)
- Brushed stainless steel housing and frontal panel (Accademia Steel version)
- Heavy Zama metal removable brewing head
- Backlit signature Gaggia red line and control panel details
- Premium-feel rotary knobs with enhanced grip
- · Optimal footprint dimension

POWERFUL USER INTERACTION

To feel, to see, to handle. Live an incredible multisensory user experience.

HON

TO FEEL

Touch, rotate, swipe, move, click. Design your experience around your needs and choose the approach you like the most.

- Premium-feel rotating knobs with a special texture that enhances the grip while scrolling
- Full-color touchscreen with high sensitivity
- 4 capacitive backlit buttons to access directly to the main functions: on/off, home, cleaning & settings, purge

TO SEE

High visibility and fully guided functions guarantee the maximum precision and control.

- 5" wide full-color display with 3D icons
- Support information system to guide the making of beverages
- QRCode to easily access and download the user manual

beverages

BESPOKE USER EXPERIENCE

Multiple options to personalize your beverages and tailor your coffee experience around your needs.

Enjoy traditional and contemporary beverages from all over the world: ristretto, espresso, espresso lungo, coffee, americano, cortado, macchiatone, melange, cappuccino, flat white, cafè au lait, caffèlatte, cappuccino XL, latte macchiato, hot milk, frothed milk, hot water, and hot water at two different temperatures to make green or black tea.

40 ml

ENDLESS CUSTOMIZATION

Modify your beverages as you prefer and tailor them around your needs. Choose the quantity of coffee, milk and water, select the temperature, the level of milk foam, the coffee aroma (with the exclusive Coffee Boost option), the grind settings, the level of pre-brewing.

You can also change the body and crema layer of your coffee with the Espresso Plus System.

CAPPUCCINO

4 PROFILES

Customize your recipes in every detail and save them in one of the 4 user profiles available, to have your tailored beverages every day, at the touch of a button.

The highest freedom of choice in the shortest time. You can even rename them as you prefer, for a full customization, and also set the profile as start screen.

TOWARDS YOUR BESPOKE

ACCADEMIA GLASS

HOME BARISTA EXPERIENCE

DETAILS

- 1 Multi-sensory user interface
- 2 Active cup warmer
- 3 Professional steam wand
- 4 Integrated milk carafe
- 5 Adjustable brewing head

HIGHLIGHTS & FEATURES

PREMIUM-FEEL ROTARY KNOBS

The premium-feel rotary knobs guarantee a better grip and a precise scrolling when customizing your coffee and milk-based beverages, or when adjusting the body and crema of your espresso via the Espresso Plus System.

WIDE TOUCHSCREEN

High visibility and an enhanced management of all functions thanks to the 5" wide full color touchscreen user interface.

CAPACITIVE BACKLIT BUTTONS

The four capacitive backlit buttons allow you to directly select four main functions. You can turn the machine on or off, access or come back to the HOME screen, select the cleaning procedures and the machine settings, and also directly activate the exclusive "Purge" function.

ESPRESSO PLUS SYSTEM

Adjust the crema layer of your coffee, as you prefer, by turning the knob on the brewing head. Three selections to choose: from a lighter crema layer and a delicate taste to a thicker crema and a more intense body.

AROMA SETTING

This feature gives you the unique possibility to adjust the aroma intensity by choosing the quantity of ground coffee per cup among 5 selections.

COFFEE BOOST

When adjusting the aroma, it is possible to click on the coffee boost, which is a double grinding of coffee beans for a more intense taste.

Recommended for recipes with more than 50 ml (1,7 oz) of coffee.

"ON THE FLY" FUNCTION

The "On The Fly" function allows to adjust the quantity of coffee/ milk and water during the brewing of a beverage.

PROFESSIONAL STEAM WAND

Directly from our tradition, the stainless-steel steam wand makes you feel like a real home barista. Thanks to its shape, you can use different kinds of milk jugs and always have a micro form

use different kinds of milk jugs and always have a micro-foam with a sweet taste and the ideal texture for latte art.

REMOVABLE BREWING HEAD

The brewing head can be adjusted according to the desired beverage and your glass or cup, to have the right height that can ensure the best in-cup result. It is also possible to remove the brewing head for taller cups.

INTEGRATED MILK CARAFE

The ergonomic integrated milk carafe froths the milk to get a perfect result anytime, always at the right temperature.

ADJUSTABLE MILK FOAM OPTIONS

Choose among 4 selections, from hot milk to a steady and velvety foam, to customize your milk-based beverages.

GROUND COFFEE OPTION

In addition to coffee beans, it is a useful feature for the ones who want to try different blends, even decaffeinated ones.

PRE-BREWING

3 selections for the best extraction of all coffee aromas for your coffee and milk-based beverages.

GUIDED EXPERIENCE IN CUSTOMIZATION

Tips and information that guide you step by step to set and make your tailored recipes.

They are available in the setting menu of each recipe.

PROGRAMMABLE CUP WARMER

An energy-efficient integrated cup plate, in stainless steel, ideal to pre-warm your coffee cups. You can also set the timer to have the cups heated according to your daily needs.

REMOVABLE BREW GROUP

Easy cleaning and maintenance with the removable brew group that can be washed under tap water and re-inserted easily at its place.

ADJUSTABLE GRINDERS

The long lasting 100% ceramic grinders extract the purest essence from coffee beans, preventing overheating and burning. This material guarantees long-lasting performances, silence and the best in-cup result. Select among 8 options to customize your coffee, from the finest grind for a strong taste, to the coarsest for a lighter coffee.

CLEANING MENU

The cleaning menu allows you to access 4 types of cycles: brew group cleaning, descaling, Quick Clean and Deep Clean (for milk carafe).

MACHINE SETTINGS

You can set every aspect of the machine: the language, the unit of measurement, the standby, the cup warmer activation timer, the ECO mode, and check the beverage counter.

PURGE FUNCTION

The purge button blows a steam jet that cleans internally the steam wand and removes any milk residue.

STEAM HYGIENE

By closing the carafe dispensing spout, the machine automatically sanitizes the milk carafe. The milk can be kept inside the carafe.

UP TO 19 BEVERAGES AT YOUR FINGERTIPS

19 TRADITIONAL RECIPES THAT YOU CAN FREELY TAILOR AROUND YOUR PREFERENCES TO CREATE YOUR OWN «À LA CARTE» MENU

RISTRETTO / COFFEE 30ml

An espresso whose brewing time is reduced, resulting in a shorter drink with less caffeine.

CAPPUCCINO / MILK 120ml COFFEE 40ml

Another Italian classic, it is made with an espresso, milk and a layer of velvety milk froth on top.

ESPRESSO / COFFEE 40ml

Known and loved worldwide, it is considered as "the authentic Italian coffee". Served in a small cup, its signature features are a full and rich aroma and a delicious layer of "crema naturale" on top.

MACCHIATONE / MILK 40ml COFFEE 40ml

Macchiatone was born in Venice. It consists of espresso coffee, milk and milk foam in smaller quantities than cappuccino. It is served in a large cup.

ESPRESSO LUNGO / COFFEE 80ml

An espresso whose brewing time is extended, resulting in a more intense flavour and a higher caffeine content.

MELANGE / MILK 70ml COFFEE 70ml

Melange is a Viennese beverage consisting of one part coffee and one part milk with foam. It is similar to cappuccino but lighter.

COFFEE / COFFEE 120ml

Prepared with a bigger quantity of water compared to the classic espresso, it has a light aroma. It is served in a medium-big cup.

CAFFÈ CORTADO / COFFEE 40ml MILK 30ml Originally from Argentina, it is an espresso with a little

quantity of milk, usually served in a medium-big cup.

AMERICANO / COFFEE 40ml WATER 110ml

A long coffee with a less intense aroma, prepared by adding hot water to an espresso.

CAPPUCCINO XL / MILK 180ml COFFEE 70ml

A cappuccino made with a bigger quantity of milk and coffee compared to the traditional recipe.

CAFFÈLATTE / COFFEE 60ml MILK 140ml

The caffelatte is a beverage that is usually enjoyed at breakfast and consists of espresso coffee and a good quantity of hot, not foamed milk. It is served in a large cup or glass.

HOT MILK / MILK 180ml

Hot milk can be tasted on its own, adding aromas or used in the preparation of many other beverages, such as milk and coffee or hot chocolate.

CAFÈ AU LAIT / COFFEE 90ml MILK 90ml

A drink made with equal parts of coffee and milk, blended together. It is served in a big cup.

HOT WATER / WATER 150ml

It can be used to make infusions, teas, and instant beverages.

LATTE MACCHIATO / MILK 240ml COFFEE 40ml

Made with hot milk, a part of milk froth and an espresso. It is served in a tall glass.

BLACK TEA / WATER 150ml

Black tea is characterised by a very intense taste and is often tasted with lemon or milk. It is obtained by brewing leaves in hot water at about 90° C (195° F).

FLAT WHITE / COFFEE 40X2ml MILK 80ml

Originally from Australia, it is composed by a double espresso and frothed milk, with a very liquid cream. It is served in a tall glass.

GREEN TEA / WATER 150ml

Green tea is an age-old beverage with antioxidant properties, against tiredness and fatigue. The beverage is obtained by brewing leaves in hot water at about 80°C (175°F).

FROTHED MILK / MILK 180ml

Used to make cappuccino, latte macchiato and other drinks, it is creamy, velvety, homogeneous and with no hubbles
